- To give children a wider variety of sporting activities.
- To motivate all children to be active at playtimes and dinner times.
- To improve children's understanding of healthy lifestyles.

Action	Objective	Outcome/Impact	Cost
Y5 Mental Health/ Wellbeing and resilience	To help the children with their mental health through wellbeing sessions delivered by Brathay trust and the chance to go on a residential	The children gained greatly from these sessions and learnt how to help each other out of certain problems, to work as a team and to push themselves out of their comfort zone when completing outdoor activities	£1026
Improve movement at playtimes	To increase activity levels throughout the whole school day not just in PE. To enable the children to become more active at playtimes and lunch times. To offer a wider variety play options	Outdoor gym completed and installed and lots of new equipment leading to happier children and less fallouts at playtimes as more equipment to use to keep them active. More children are playing active games at playtimes or playing games that involve rules so that they learn how to play fairly. Big Screen installed on playground where children can dance and play games.	£14922.87
Subscriptions to IPEP	To continue to improve PE provision and assessment.	Staff more confident with PE and enjoy this curriculum. Improvement in the teaching of dance and gymnastics. More links to other subjects.	£400
To improve the Mental Health of all children.	To improve the mental well being of pupils and give them safe spaces. To have outside agencies help with children's behaviour and mental health. Have a means of tracking mental wellbeing every day.	Some anxious Children went to Greenacres to develop resilience and strategies to improve their mental health MOOD TRACKERS STILL TO BE INSTALLED	£2000

Use of qualified sports coaches	Use sports coaches for golf, tennis and cricket to improve staff knowledge of games and to create a pathway for children to other local clubs. To involve more children in after school clubs	More children went to out of school cricket club than ever before. Staff learnt how to develop sessions over a long period of time. The golf team were once again Furness Champions and went on to the Cumbria School Games. 32 extra children had access to an after-school club that children were unable to offer.	£1686
To enhance outdoor learning and use local environment	Trip to Keppleway for Y3 and 4 to link with Geography topic of rivers, learning through experts whilst walking. Trips to the Zoo to learn about animals in captivity. To develop a gardening club for the less sporty children so that they are still enjoying the benefits of being outdoors	Children found out more about our local area and places to explore whilst learning outdoors. 25 children in lower school learnt about planting seeds and looking after plants whilst being active outside.	£2397.58
Top Up Swimming	To employ extra coaches at leisure centre and do full term of extra swimming sessions to ensure more children leave with survival skills. To ensure every child in the school has access to swimming lessons.	All children in the school got to swim and those that were unable to still gained more confidence in the water.	£2887
Improve quality of lessons within hall	To have big interactive Tv screen so that all children can see dance and gymnastics moves more clearly and so they can evaluate their own and others work	STILL TO BE INSTALLED	£2998
Replace out of date equipment	To improve sports day and to replace equipment that has broken	More useful equipment	£161.01
To participate in out of school competitions and have school kits to look like a team	To ensure that children can compete in all local football competitions To ensure that children look like part of a team and replace old sports wear.	League winners in the Y5/6 local football league and both lower and upper school children competed	£1033.98

TOTAL SPEND- £29512.44 Over spend of 11975.44 taken from previous year under spend and needing to improve children's mental wellbeing.
